Red Cloud Food Services, Inc. Chairman Wins Award

US Army Quartermaster Corps Recognizes Harrison

Nashville, TN — August 4, 2015 — Today Red Cloud Food

Services, Inc. (RCFS) announced that the Army Quartermaster General has conferred The Distinguished Order of St. Martin (Silver Medallion) upon Mr. Robert J. Harrison, Chairman and CEO of RCFS. This award recognizes individuals who have made significant contributions to the Quartermaster Corps.

“Bob Harrison has been a friend of the US Army for a long time. Not only does he assist the Quartermaster Corps by serving as a member of the Quartermaster Foundation’s Advisory Board, but he also provides quality food products in support of a Quartermaster Corps’ key function of provisioning food for the troops. He has been tireless in his efforts to make life better for soldiers and their families,” said Major General Peet Proctor, US Army (Retired). “It is for these and very many other reasons, that I was happy to nominate Bob for this award, but even happier to present it to him recently,” MG Proctor continued.

Positive Impact on Soldiers' Families

One of the events RCFS has sponsored for 3 years now is the Golf Classic held this year at the Governor's Country Club in Brentwood, TN. In conjunction with Heartland for Heroes and a 501c (3) organization, ThanksUSA, RCFS is please to help raise much needed funds for scholarships for the family members of those who are serving or have served since Sep 11, 2001. "This year, approximately 10 family members will have their college education enhanced due to the efforts of RCFS and Mr. Harrison," former Army General Counsel Steven J. Morello said.

"Without this assistance, many family members of the most deserving just couldn't complete their post-secondary school education," Morello continued. When notified of this award, Mr. Harrison responded in a characteristically low-key manner, "It is universally recognized that the family members endure countless sacrifices in support of their "Warrior Heroes". It is only then, that we take time out to say Thank You to these wonderful family members!"

Founded in 1998, Red Cloud Food Services, Inc. is a recognized leader in providing high quality food to the US military. The company offers a wide range of products and services designed to insure that a great meal is on the table for our Service members wherever they serve!
