Chapter of the Year Competition Guidelines

The **Chapter of the Year Competition** is an opportunity for students to highlight the unique and dedicated work of their AIBL Chapter. The competition is an educational experience for students to learn the process of creating a stage presentation summarizing yearly Chapter leadership activities including educational activities, community service projects, social activities, fundraising efforts, and integration of Indigenous culture. Each stage presentation will be created and submitted by Chapters through the combined efforts of all participating students with the guidance of AIBL advisors. A chapter of the year stage presentation will be presented as a team at the National Conference.
